# FOUR IN A ROW MULTIPLY

2 - 4 players

(Three simple steps and you're ready to play!)

1. Print the Four In A Row Multiply Game Board.
2. Print the markers and cut out. (You need a different color for each player.)
3. Get some dice and give the game to the kids to play.

Play **Four In A Row Multiply** to practice multiplication to 6 x 6.

# FOUR IN A ROW MULTIPLY

A game for 2 – 4 players

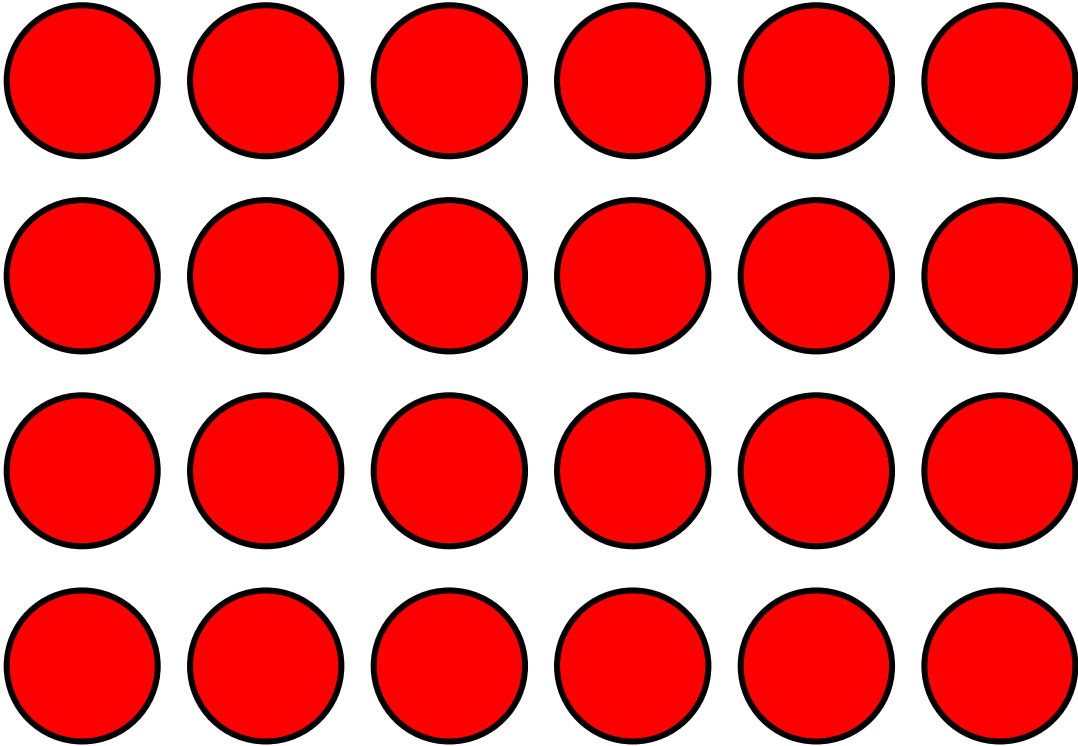

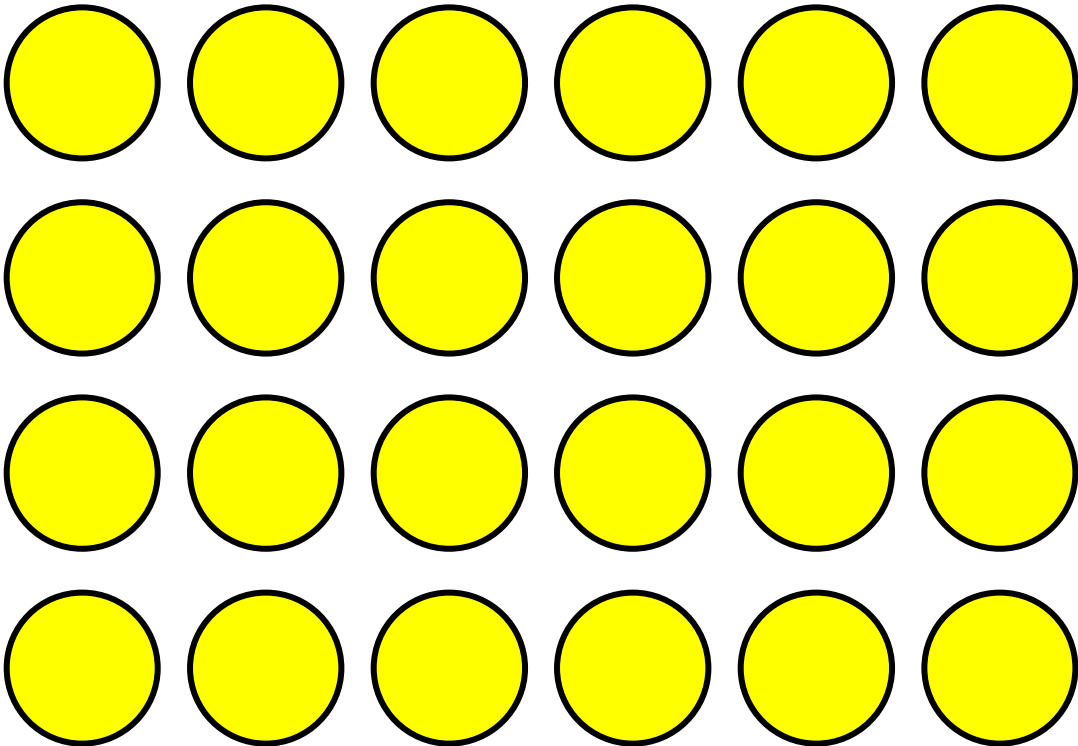

Players take turns to throw 2 dice. The numbers on the dice are multiplied together. The player then finds this number on the board and covers it with one of the markers of their color.

If none of these numbers are uncovered, the player doesn't cover a number on this turn.

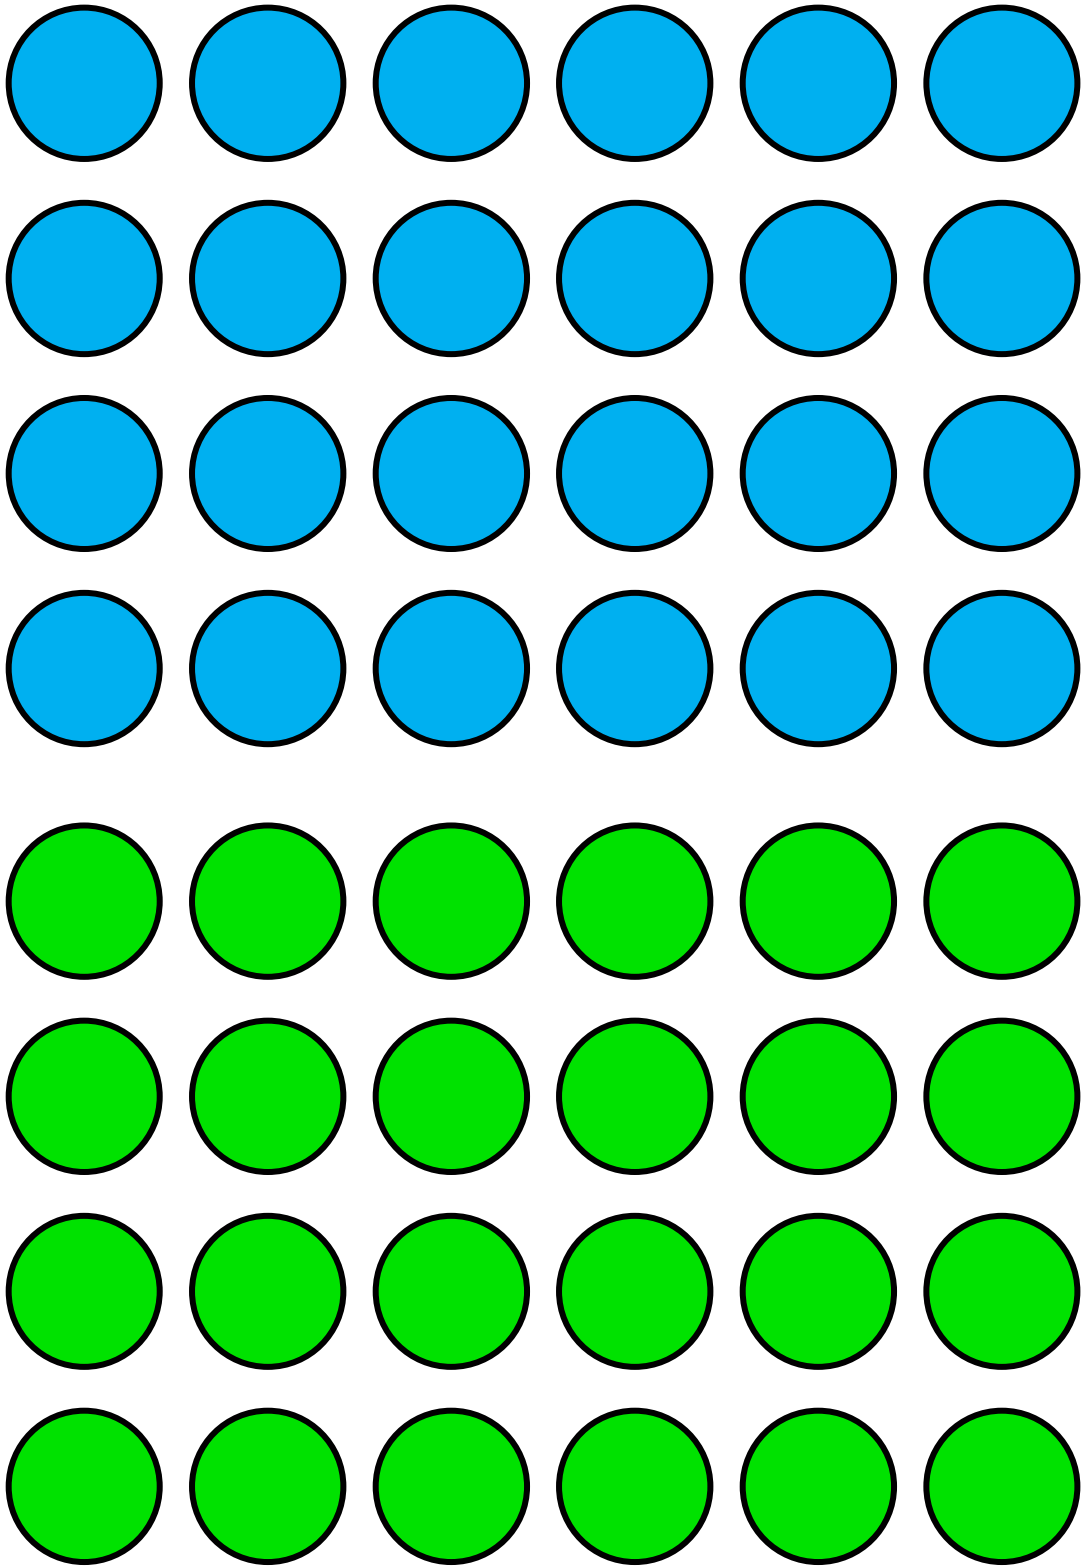

The first player to cover a row of four – vertically, horizontally or diagonally - is the winner.
